

Kennedy Took New Yorkers— —Gen. Walker Took Kennedy!

Dynamic letter from
GEN. EDWIN A. WALKER
To New York Voters

General Edwin A. Walker

I write to you from Texas where Bobby could not be elected dog catcher. He controlled and directed too many troops to Mississippi, too many Freedom Riders to the South; now turned to riots in the North. Commencing with Oxford, Miss., twenty-two thousand men were used, equal to the fighting strength of two U. S. army divisions. Fifty men could have placed any student in any university on any week day, without fanfare. This was the diversion which fulfilled UN Declaration that the entire world would integrate, while the Red Russians moved in and integrated with the Cubans. It was a Kennedy "premier" with world wide publicity and propaganda—the title "U. S. Joins in World Race War."

Little Bobby made a false arrest on Oct. 1, 1962. He brought false charges in court, which the government had to drop because the Jury found insufficient evidence to sustain them.

He accused insanity, then had to accept his own court paid psychiatrist's certification, in court, that I was functioning at the superior level of intelligence.

I was the Attorney General's guest in his plane under a \$100,000 bond, without hearing, council, or court order, crossing three state boundaries to a destination unknown—a maximum security cell at the Federal Medical Prison, Springfield, Missouri. His hospitality included a 7 by 10 foot cell, no telephone, telegraph, or mail, stripped of my clothing, with food served on the floor.

His Bureau of Prisons' Psychiatrist, Dr. Charles E. Smith, testified that he based his evidence supporting Bobbie's allegations of insanity on newspaper reports, which have now been proven false by a unanimous jury decision in Fort Worth, Texas. The decision was a verdict against the Associated Press and a judgment of \$800,000 in my favor. While reduced \$300,000 by the judge, the amount of the general damage stands at \$500,000. Twelve additional suits have been filed against the Associated Press and various newspapers carrying false reports of my involvement in the Oxford "premier."

Dr. Charles E. Smith's allegations and accusations were made from 1000 miles away. When, finally, appearing in court to sustain young Robert's position, we find the good doctor got his instructions from little brother, had only done eight hernia operations in his life, and that his father's name was Cantor not Smith, and that said father was born in Russia. The man running for the Senate in your State made an illegal arrest with soldiers, made false charges, made false accusations of insanity, and kidnapped a citizen based on false newspaper reports all in one day, October 1, 1962. His U. S. attorney had been informed that collateral for the bond was ready—the same collateral which was accepted six days later.

Nothing was going to interfere with the world "premier" at Oxford. I saw it—the biggest hoax and world propaganda stunt ever imposed upon the American people. It was the raw naked use of power in unnatural warfare. It is no different in its use in the sovereign State of Mississippi than in Katanga, Cuba, Angola, or Haiti. It was the "premier" and the invitation for world racial disorder. It exposed the divisive and iniquitous intent of our international policy from Viet Nam to Cyprus as the "premier" to race war and integration of all races, colors and creeds in fulfillment of the UN Declaration. I saw U. S. policy at Oxford, national and international, exposed in its deceit. I saw the setting and the stage of the most ridiculous military operation in history with all the party line propaganda supporting the "farce."

If you still think little brother is an asset, I would remind you of his trip to Warsaw, Poland, to campaign among the comrades.

He was not "out-done" by Oswald who went to Minsk. While we expected him in Dallas to assure justice to you and me under the "law of the land" we now have the ridiculous Warren Commission Report which is an insult to the public's intelligence. We have Bobbie talking enthusiastically of the inevitable youth revolution that will bring governments tumbling down and that must be coordinated from the U. S. with all the pro-communist countries. Oswald was his best supporter and participant in this thesis and movement. Now he is dead, killed by Rubenstein, a man that knew him and knew what he thought and could say.

Why kill a man in prison? He cannot do anything. He can talk. The murder of Oswald was a conspiracy. Rubenstein lies. Marina is a Russian Communist—a member of The Young Communist Party, members of which are supposed to lie. What and who is keeping her from returning to Minsk where she has wanted to go?

I see the Warren Report finds that Oswald attempted to assassinate me on April, 10th, 1963. No agents of the Attorney General or Federal Government ever came to see me. Where is the message from Dallas to the Attorney General telling him to forget the Walker incident that it was a self made publicity stunt?

The evidence of two cars and two men seen at my home, and additional murders, an attempted assassination in Dallas and the many friends, supporters and associates of Oswald and now Marina hardly substantiates the finding of a "lonely loner"—which could be applied equally to Castro, Oswald, Rubenstein, and Meredith.

Bobbie used my name in his campaign as "one of those Generals." I thought the true story of "one of those Kennedys" would appeal to you.

Most Sincerely,
Edwin A. Walker

The Meaning of Christmas

"And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed . . . And all went to be taxed, every one into his own city."

Thus, begins the Christmas Story, according to St. Luke.

The whole world was in bondage. All of the world was to be taxed to fill the treasury of a despot. He did not send his centurions to collect the taxes. He arrogantly ordered the taxpayer to go into his own city and pay.

It is true that there were no disorders in the world. There was unrest, to be sure. But no disorders. For Caesar Augustus had perfected the police state. Dissidents were executed, or impressed as slave laborers. Those who gave up their freedoms without protest received largess from the public treasury. Caesar Augustus had also legalized plunder. He took from persons what belonged to them and gave it to other persons to whom it did not belong. And he kept the biggest share for himself.

Then it was that the angel of the Lord appeared and said unto them: "Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of Bethlehem, a Saviour which is Christ the Lord."

And when He was grown to adulthood, this man of Galilee said to His exploited countrymen: "Render unto Caesar the things which are Caesar's and unto God the things that are God's."

He showed them that their salvation lay in service to their God, and not in servitude to their state. He showed them that resistance to the promises and persuasions and bestialities of despots requires, sometimes, the ultimate sacrifice.

And those who followed His teachings persuaded their fellow-countrymen that: "Wherefore thou art no more a servant, but a son; and if a son, then an heir of God . . ."

Then, men ceased giving up their freedom for pottage. A great many died, that others might walk upright in dignity.

Across the centuries other would-be Caesars have enslaved nations and societies which forgot the meaning of Christmas. Some dictators have employed their own centurions to enslave. Some have hired informers with pieces of silver. More often than not, ambitious Caesars have had only to promise something for nothing: largess from the public treasury.

It is so this Christmas, too. False prophets seek to trick free men into slavery to government—to make them servants of a system rather than sons of God.

The Apostle Paul foresaw this eternal assault on free men. His words to the Galatians stand as the lesson of Christmas for this and every future year of our Lord:

"Stand fast therefore in the liberty wherewith Christ hath made us free and not be entangled again with the yoke of bondage."

"... planned that way"

MAURICE GOMBERG MAP

In October 1941, two months BEFORE Pearl Harbor, Maurice Gomberg, a Philadelphia attorney, mysteriously issued a world map which shows the planned division of the world after the coming World War II. This map outlined every main action which has transpired up to date. It showed the occupancy of Germany and even showed the division between East and West Germany. It showed the occupation of Italy and Japan; Korea was to be taken by China; Formosa was marked for the United States. This map showed the existence of Israel. Israel was colored as it is now—plus Jordan. Remember, Israel was not pushed through the United Nations until 1948, or seven Years later! Red Russia was colored on this map as absorbing the then independent countries of Roumania, Poland, East Germany, Yugoslavia, Hungary, Finland and Estonia.

Unless this all was "planned," how can one explain a Philadelphia lawyer publishing a map two months before we got pushed into World War II? This map also spelled out world police, world government, nationalization of assets, and world money.
